

BLOCKCHAIN BLOCKPARTY

THURSDAY, APRIL 5, 2018 • 5:00 PM
KELLEY SCHOOL OF BUSINESS, ROOM CG1056

Interested in learning more about blockchain and/or the cryptocurrency craze? Want to find out what's happening around IU in terms of blockchain research and/or get involved in the new Blockchain & Cryptocurrency Club at IU? Might you enjoy hearing from a blockchain start-up, and learning more about IU's graduate cybersecurity offerings?

If you answered yes to any/all of those questions, then this is the event for you!

Join SICE Associate Dean **Esfan Haghverdi**, Kelley Information Systems Graduate Program Chair **Bipin Prabhakar**, and IU Cybersecurity Program Chair **Scott Shackelford** for a roundtable discussion of blockchain and cybersecurity. There will also be a special guest beaming in for this event, **Scott Bassett**, an IU alum and retired principal at Deloitte with an exciting new blockchain start-up he'll be describing. Come with questions, and an appetite—hope to see you there!

RSVP at <https://goo.gl/forms/FHqU7ppLFdsEi83I1>. For questions, contact Scott Shackelford (sjshacke@indiana.edu).

Cosponsors: Blockchain & Cryptocurrency Club at IU; Ostrom Workshop Program on Cybersecurity and Internet Governance; IU Cybersecurity Program; Kelley MS in Information Systems; School of Informatics, Computing, and Engineering
