The 2018 Symposium on Sustainable Development will be a day-long discussion of what is “sustainable development” and how it can be applied to Cybersecurity. Now more than ever, our world is shaped and supported by a digital one. Given recent events, the stability of this digital world is greatly in question. We hope that all attendees will walk away with a holistic overview of the challenges and opportunities facing the globe.

Any member of the campus community is welcome to attend for free, so register at <http://go.iu.edu/1PEA> by Jan. 19 to reserve your spot!

Agenda:

- 8:00 Registration & Complimentary Coffee Service (Room 1060)
- 8:45 Keynote Address *with Liisa Past*
- 9:15 “Sustainable Cybersecurity: A Global Perspective” panel
- 11:00 “Freedom v. Security: Is There a Sustainable Balance?” panel
- 12:30 Lunch with panelists (***must RSVP!***)
- 1:45 Day-in-Summary conversation
