A Themester Webinar

## SECURING THE VOTE with IU President Michael McRobbie

Thursday October 22, 12:00 – 1:00 pm EST

Learn about election cybersecurity from IU President Michael McRobbie in this virtual event sponsored by the Ostrom Workshop's Program on Cybersecurity and Internet Governance.

A computer scientist and expert on cybersecurity, President McRobbie was co-chair of a National Academies of Science, Engineering and Medicine (NASEM) committee on the future of voting. That NASEM committee released a report in 2018, "Securing the Vote: Protecting American Democracy."

Sponsored by the Ostrom Workshop's Program on Cybersecurity and Internet Governance

Moderated by **Scott Shackelford**, *Executive Director of the Ostrom Workshop, and Chair of the IU-Bloomington Cybersecurity Program.*
