Nowhere to Hide: Data, Cyberspace and the Dangers of the Digital World
Talk presented by
Andrew Burt
Managing Partner at bnh.ai, and Chief Legal Officer at Immuta. Previously, Andrew served as Special Advisor for Policy to the head of the Federal Bureau of Investigation's Cyber Division.

Character for a Digital World Series Continues March 11, 2021 at 1 pm ET

Nowhere to Hide: Data, Cyberspace and the Dangers of the Digital World - Andrew Burt, Managing Partner at bnh.ai, and Chief Legal Officer at Immuta

For as long as software has been relied upon, officials and researchers alike have been sounding alarm bells about the vulnerability of all our data—sometimes comically, but nonetheless gravely. Here, for example, is how one Congressional report described the issue of data security: "If architects built buildings the way programmers build programs, then the first woodpecker to appear would destroy civilization." This was in 1989.

Ostrom Fellow Spotlight

Ph.D. Student in Political Science - Daniel Muck

Daniel Muck is a PhD student in the Department of Political Science. He is interested in the political economy of development, institutional analysis, and authoritarian politics. His research focuses on the politics of property rights and economic reform in nondemocratic contexts, particularly in Russia and the former Soviet Union. Before coming to IU, Daniel earned an MSc from the London School of Economics and a B.A. from Hamline University. He is a native of St. Paul, Minnesota.

Check the Ostrom YouTube Channel for New Content

Did you know we continuously update our **YouTube channel** with videos of the many events held at the Workshop? Especially in these times when we're overwhelmed with virtual meetings, it's

good to know you can always catch up or review the in-depth Workshop presentations on your own schedule. Among the content featured on our channel you will find archived recordings from our multiple lecture series, Ostrom Memorial Lectures, as well as wide array of videos from our various governance programs. There's even a special archived video of Lin's Nobel speech. If you haven't already, subscribe and like today.

Opportunities

Ostrom Workshop Graduate Student Research Award Program - Applications Due March 19th

For Graduate Students Only:

The Ostrom Workshop is pleased to announce that we are now accepting applications for the 2021 Ostrom Graduate Student Research Award Program. Applications are restricted to graduate students affiliated with the Workshop (current or past recipients of Ostrom Fellowships or Research Awards), or students working closely with active Ostrom Affiliates at IU Bloomington. Graduate students can receive up to \$3,500. See [Research Awards](#) for guidelines and instructions.

Nomination Deadline for the IASC Elinor Ostrom Award 2021 extended to March 31

Because of the global pandemic's impact on all our lives, IASC has extended the Call for Nominations for the 2021 Elinor Ostrom Award to March 31st, 2021.

The Award is an opportunity to bring some recognition to those involved in developing, operating, or studying “institutions that bring out the best in humans”, and also an opportunity to demonstrate (hopefully to a wider audience) what can be achieved when people work together in innovative ways to manage ‘their commons’, or provide new insights through diligent scholarly research.

The award is given in three categories - Practitioners, Junior Scholars, and Senior Scholars. If you know a person, a group, or a community working with Commons, that you think deserves recognition, this is your chance to nominate them!

Visit the Ostrom Award Website at <https://www.elinorostromaward.org/> to learn more.

Call for Papers

CCDCOE to Launch a Pioneering Study on Digital Rights in Armed Conflicts

NATO Cooperative Cyber Defence Centre of Excellence (CCDCOE) in cooperation with the Indiana University Ostrom Workshop is conducting a pioneering legal study into the application of the rights to privacy and data protection in times of armed conflict. The outcome will be an edited volume published by CCDCOE in May 2022. To fill a void in legal research analysing these issues, CCDCOE invites both internationally renowned scholars, experienced practitioners as well as emerging voices to contribute to this anthology. The [Call for Papers](#) is now open.

PhD Vacancy

PHD-Vacancy (5 Years) on History of Fishery Collectivities at Rotterdam School of Management

Vacant PhD position on the historical analysis of the development of fishing collectivities as institutions for Collective Action (ICAs). The PhD-student will be joining the interdisciplinary Institutions for Collective Action research team at the Rotterdam School of Management at the Erasmus University for a period of 6 years (full-time, fully funded). Read more about this position via [this link](#).
