Previous funding from the Ostrom Workshop:

Degree:

Number of years enrolled in current degree:

Faculty Advisor(s)/Dissertation Committee members:

Passed comprehensive exams? YES NO

Defended dissertation proposal? YES NO

Is international travel involved? If so, to what country?

Before submitting the application, please review [IU Policy INT-04 Student International Travel Safety](#) and the [U.S. Department of State Travel Advisories](#). For **individual travel by undergraduate and graduate/professional students** who plan to use funding from Indiana University to pursue research, study or other University-related business: The University will not provide funding for a student to travel to a country under a U.S. Department of State Level 4 “Do Not Travel” Advisory. The same prohibition applies to any region of all countries where Travel Advisory specifies “do not travel” to that region. Undergraduate and graduate/professional students who travel to countries or areas under a Level 3 Advisory must sign a waiver that should be submitted to the department head to be kept in the student's file. Upon advice of University infectious disease specialists, and taking into account warnings from the CDC, travel to countries experiencing serious outbreaks of infectious disease may be prohibited.
